

# Phone Spelling

Here is a fun activity for practicing spelling words. There are two versions included, one for 16 words and one for 20 words.

One fun variation would be to have student write the words in numbers first, but leave the first column blank. Then they could swap papers to fill in the correct words for each number. Just be sure that they mix up the words.

You could also use this activity for vocabulary words in literature, science, or social studies.
